## Notes from President Mike

Welcome everyone to the new exciting and hopefully fun-filled year at the Pleasant Valley Lions Club. I know that we started off with the Covid-19 virus and we can't socially meet but remember what I said to those of you who came out to the installation; this is a new steppingstone for us and we will get through this.

A key theme of my presidency is to increase our membership. Our club has great roots and we can build on them to grow; bring a friend to a meeting to introduce them to Lionism.

We need people to step up and take some Committee chairs. There are lots of empty spots so don't wait too long to see where you can fit. In particular we need folks for our club cooking crew because this Covid stand down won't last forever. Step up to the plate and volunteer, you might enjoy it.

I'd like to thank all the people that helped with the installation. particularly Missy and Joe Stayton for getting us the venue, Bruce Jochums for helping with the set up and Jeanette Edmondson, now known as the first lady, for accepting my proposal and for doing a great job with several Lions and wives, mentioned later in the installation article, to make it a beautiful evening. I hope those who attended had a great time and I will be talking to you soon. Thank you Past President Rich for the honor of being selected as last years *Lion of the Year!*

*Your President Mike Nunez*

### **Bulletin Note:**

If you go on a trip, participate in a Lion function, have anything funny to say, or want to brag about something, send me a note for the bulletin. In this Covid era it's a way of connecting with the club.

## Lions Clubs International **FOUNDATION**

### **SERVING SAFELY TOGETHER**

### **A message to all Lions from International President, Dr. Jung-Yul Choi**

**Dear Lion,**

This year has truly been unlike any other in our history. Your incredible innovation and commitment to serving safely in our world's greatest time of need has helped your community to stay strong. We have faced great challenges, but we have also achieved great things together.

I'm so proud to announce that this year we've accomplished our LCI Forward goal of serving more than 200 million people per year around the world. From preventing diabetes to preserving sight, each person we served is a life we've changed. So let us celebrate this very special moment.

And let us remember that the world needs Lions now more than ever. Your community needs you more than ever. I am so proud of you, and what we've achieved this year. I look forward to the incredible things we will accomplish together as Lions in the years to come.

Regards,

**Dr. Jung-Yul Choi**

**International President**

## 9 June Virtual Regular Meeting

It was our third virtual meeting and we had over 20 members on line. The meeting lasted less than 30 minutes. A few of the culprits are shown below. Lion Mike is pursuing venues for his installation. It was suggested that we just declare a protest against something and just meet wherever we wanted but that was voted down. We got a portable PA system from the district and it actually works. President Rich will be the club and district membership guru next year and he will need our help. Anybody have ideas for service projects that we can do in the age of Covid-19?

Lion Mike gave a rundown on the drive-thru dinner we had at which we served over 140 Santa Maria Style barbeque dinners. Everybody had nice things to say about the meal. Thanks guys/

*Out with the old, in with the new!*

President Rich Cervantes was our first two full-term president and he is followed by our second full two-term president, Lion Mike Nunez. Lion Mike was president during PV Lions 50th anniversary and will be president during our 75th anniversary; perhaps he can do it again in 25 years.

Past President Chet Price conducted the installation held at Rancho Santa Rosa. It was our first get together since the Covid-19 stand down and it turned out great. It was held out doors and everyone did their best to social distance.

President Rich gave out many well deserved awards to club members. Most of these awards result from our contributions to Lions Charities. The awards were given to:

- Canine companions for Independence Life Member
  - Bruce Jochums, Victor Martinez
- Lions Sight &Hearing Foundation Life Member
  - Greg Steinmetz, Missy Stayton
- Student Speaker: award
  - Vicente Contreras: Fred W. Smith
  - Kim Mara-Stephenson: Harry Aslan
  - Kerry Forsythe: Fred Snyder
  - John Knittle: Dwight Stanford
- Melvin Jones
  - Bill Conn, G.K. Smith, Bill Schulze, Lloyd Christie, Rich Cervantes
- Kay Fukushima
  - Tom Debaradas, Bob Taylor, Mike Nunez, Russ White
- Lifetime Members
  - Richard Baker, Bill Schulze
- Appreciation Awards
  - George Graham
  - Lloyd Christie

# INSTALLATION Camarillo-Somis Pleasant Valley Lions 2020-21

The Rancho Santa Rosa was a beautiful setting made possible by Lions Joe and Missy Stayton with help from Penny of course. A number of folks including our current and future first lady's Mary Jo and Jan and Jo Eberts, Brenda Brand, Ana Blattel, Louise Fortner and several Lions helped set up. Lion Mike's first new inductee to be, Alfredo Miranda with wife Carmen, shown second photo down at left, prepared the enchilada dinner. Alfredo cooks at Cronies so he is a very familiar face to many in the Noontime Cronies Lions Club and will be a welcome addition to the club. Lion Bruce prepared all the salads and got the cake; his helpers were incognito (perhaps in witness protection). Thanks to Lion Wim Zwinkels for providing all the flowers. At bottom left we see Paula Knittle walking next to "Hannibal Graham" but all turned out well for Paula. You may recognize Lucy who has been making burgers for many years at our Underwoods events. She looks great at 93.

At bottom right we have the traditional exchange of gifts to the incoming and outgoing first lady's.

*Thank you Lion Hillary for all the great photos.*

# INSTALLATION Camarillo-Somis Pleasant Valley Lions 2020-21

Past President Chet Price installed the PV Lions officers and board for 2020-2021. First, he thanked the former officers and board for their service and then relieved them of their duties. Next he inducted the new group for 2020-2021. At center below you have incoming President Nunez, 1st VP Jochums and 2nd VP Morgan. This is the first year that we haven't inducted a 3rd VP so the committee duties of the 3rd VP will be redistributed to 1st and 2nd VP's. President Mike Nunez was brief in his remarks, thanking the previous officers and board and club for a terrific year and promising to continue with the proud tradition of PV Lions. We wish him well and he will need our support during these trying times.

## *President Mike and Lion Jan get engaged!!*

Lion Mike definitely wanted to make his installation memorable and he did that by asking Lion Jan to be his wife right after he was installed. I can't imagine anyone topping this at any future Lion event. Clearly Jan and the rest of the crowd were surprised. We wish them a long happy marriage.

## EZRA Update

Hi Rich,

Hope you and your members are all keeping well and safe during these troubling times.

Unfortunately, I have some disappointing news to share with you all. Your sponsored puppy, Ezra, has been released from our training program. Ezra is a great dog, but has shown a high level of traffic sensitivity. The trainers have worked with him, but he just gets too nervous around street traffic and that, of course, is a pretty important part of a guide dog's work. The good news however, is that we are going to transition him to another line of service and see if he can work out for a Veteran with PTSD or mobility issues or a child with autism. Since we have assimilated Tender Loving Canines into our GDA family, it is really wonderful to have this option. If by chance it doesn't work for him, his puppy raiser family will be adopting him.

I know this is disappointing for you all, but it is good we know this now rather than further on into his training. We want to thank the Pleasant Valley Lions for your sponsorship of this lovely pup and I will let you know if he succeeds in a different line of work.

Many, many thanks for your ongoing support – we could not do it without you!

Warm regards and appreciation to all of you,

## Eye Screening

Short timer Lion President Rich Cervantes and Lion Victor Martinez screened 18 plus folks at the Ventura Conservation Camp. We did this last year as well and provided a few secondary eye tests and eye glasses.

We don't expect to do an eye screenings at schools this year because of a change in state requirements but we certainly are available if called upon.

## PV Lion Guide Dog Penny

*76 Year Marriage and more to come. WOW!!!!*

*This had to be a full page in the bulletin because it is such a rare event. If 75 years (and 60) are diamond anniversaries, what is the 76th; couldn't find anything for 76? Did you have to buy Millie a small island in the Caribbean Don?*

*Congratulations from all PV Lions.*

*Don & Millie Seidler*

Don and Millie Seidler will be celebrating their 76th wedding anniversary on June 15th 2020. They are both healthy and living comfortably in Camarillo. Please send congratulations by email, text, or phone, as they are still social distancing.

# TALES FROM THE LIONS DEN

## Greetings Fellow Lions of District 4-A3!

As you may or may not know, the Lions Clubs of MD4 are currently partnering with the City of Hope with a goal of raising \$1 million over 5 years to fund cutting edge research to find improved treatments and/or a cure for Type 2 diabetes.

We Lions have been strong supporters of the City of Hope for more than 60 years. And, not only is the City of Hope one of the premier cancer treatment and research centers in the world, it is, of course, the place where pioneering research led to the development of the artificial insulin that is used worldwide in the treatment of diabetes.

Important research is already underway and the effort this year is to rally support across the state and blow out this pledge and then some! I have volunteered as the District Campaign Chair for District 4-A3 in this effort. In this capacity, I am writing to ask each club to select a member to serve as Club Chair for this campaign.

- **I am looking for one Lion leader in each club to serve as a Club Chair.**
- **These leaders will share updates about City of Hope and the Diabetes Fund with their clubs.**
- **These leaders will also recruit as many club members as possible to help fundraising efforts.**
- **We are encouraging each club to set a goal of \$500+ for this year.** *(We know that many clubs and Lions have been adversely affected by the COVID-19 pandemic. But, nonetheless, as we regroup and move forward, this is one of the prime efforts we can all get involved in. Diabetes has not taken a “vacation” and the vital needs are still there!)*

City of Hope has created a great online fundraising platform that can be used by clubs and individual Lions to raise money and be recognized for their efforts. It can be found at [CityofHope.org/Lions](https://CityofHope.org/Lions).

A wonderful “toolkit” has been created to help our efforts and will be provided to each Club Chair along with additional information. Kindly let me know at your earliest convenience who from your club might serve in this capacity.

There will be an important upcoming call for club chairs on Monday, July 27, at 2:30 p.m. Also, on Sunday, August 9, starting at 10 a.m., there will be a “virtual” Campaign Kickoff & Research Update via social media with a capacity for 1000 Lions to participate!!!

We know that the more Lions Clubs that participate, the greater our impact will be. Together we can all share in the success of achieving this goal in record time and making a massive difference. Let’s show the world what we Lions can do and eradicate diabetes once and for all!

**Yours in Lionism,**

## A note from Lion Sheri Clarke

Something to do to amp up the benefit on all Amazon purchases including the **Teresita Pines** wish list: Use [Smile.Amazon.com](https://www.amazon.com/smile). A (small) portion of the purchase price goes to a charity of one's choice, among the selection is LCI. This is something the Lions need to promote widely throughout their entire membership - my guess is they could easily obtain thou\$and\$ every year. Not every vendor on Amazon participates so not every purchase generates a charitable donation; however, the selection of items is NOT limited in any way, you just use the [Smile.Amazon.com](https://www.amazon.com/smile) portal to begin your shopping and it's seamless once set up with a charity of one's choice.

## **PV Lions      25 YEARS AGO**

Lion Mike Nunez was installed as President of the BIG RED ONE along with Lion Paul Hawblitzel as 1st V.P. Lion Marv Aeder was serving as Region N Chair. The club was holding a Flea Market at Constitution Park and selling Lionburgers on the side. We were painting the bougainvillea designs (by numbers) on the street signs in Camarillo under the direction of PDG Rod Franz. The club was planning a campout and fishing derby at Lake Casitas.

May 31, 2020

Dear Lion's Club:

I am writing to thank you for your generous 2020 Lions Club scholarship, I would like to express my sincere gratitude for making your scholarship possible. I am very thrilled and honored to learn that I was selected as the recipient of your scholarship. Thanks to your generosity and support, I will be the first in my family to attend college.

This fall, I will be attending The University of California Davis, and I will be majoring in Chemical Engineering. While, in college I plan on researching how cells can be engineered to combat cancer, and how microbial fuel cells can be used to produce energy efficiently and sustainably. Once I have earned my Chemical Engineering degree, I plan on earning my Master's and eventually Doctorate.

Your award grants me the opportunity to continue my education and develop new skills that will allow me to serve our community and the world. Your scholarship has lightened my financial burden and allows me to focus more on my studies. Thanks to your generosity, I am one step closer to achieving my goals. Your generosity has inspired me to help others and give back to my community, which is why I plan on establishing my own scholarship fund.

Sincerely,

Kimberly Valencia

## Lions Clubs International FOUNDATION

Dear Lion,

The need for Lions has never been greater. In these times of uncertainty, Lions are coming together to provide stability and hope. As they continue to serve communities hit hard by the coronavirus (COVID-19), Lions are looking forward to the future.

By now, I hope you have heard about Lions Clubs International Foundation (LCIF)'s response to COVID-19 and stories of inspiration as Lions throughout the world safely serve their communities in this time of need. If not, I encourage you to read the featured stories here in this newsletter. Lions are delivering much-needed medical supplies, protective equipment, and support to communities in need. With grant funding from LCIF, Lions are able to help on a large scale.

Lions are called to serve, but if your club or district is currently limited due to necessary social distancing, please consider donating those unused project funds to Campaign 100. It is the generosity of Lions around the world which has made it possible for LCIF to award more than 280 grants totaling US\$4,668,432 for COVID-19 relief efforts.

[DONATE NOW](#)

As we look forward to a new Lion year, I want you to know that these efforts will continue, along with continued support of projects in all of LCIF's cause areas. When it is safe to do so, Lions will move forward with plans that serve the areas of vision, youth, disaster relief, humanitarian, diabetes, childhood cancer, hunger, and the environment.

As I continue in my role as LCIF Chairperson in the 2020-2021 Lion year, I look forward to another year working with the foundation to serve our Lions, who are serving the world.

In friendship,

Gudrun Yngvadottir  
Chairperson, Lions Clubs International Foundation

# TALES FROM THE LIONS DEN

Dear Lion,

You've seen the stories.

If you've been reading these emails recently, you've seen the good LSH can do in the lives of people in your communities.

But sometimes it's frustrating to know that there are many people out there who could benefit from our services -- people with sight or hearing issues who can't afford the treatment they need -- and they don't even know we exist!

That's where you come in. We know you can help -- like Charlene Sims, in the photo above, with her friend Alice Jones, who got hearing aids through LSH. Charlene has been a great advocate for LSH in her high desert community.

Do you have a neighbor or a relative whose hearing is starting to go? We know how expensive hearing aids are, and we know most insurance doesn't cover them. Let them know about us!

Do you know someone who suffers from cataracts or retinal problems but doesn't have the insurance coverage they need? We can help with that too.

You can also let people in your community know through your places of worship, your kids' schools, your local library or your doctor's office.

It's very easy. Just give out our phone number -- 800-637-6638 -- and we'll take it from there. You'd be amazed at what a big difference one person can make.

If you'd like to become an LSH advocate and help us get the news out in your community, I'd love to talk to you. Just give me a call at 310-702-8655.

Sincerely,

A handwritten signature in black ink, appearing to be "Randy Stein".

## TALES FROM THE LIONS DEN

Dear Lion,

Before Charlotte Carreon got her hearing aids, her TV was so loud that the whole neighborhood could hear it.

Her neighbor across the street told her, "I can hear your TV over here," and she'd say, "Well good, because I can't."

The worst thing, Charlotte told us, was the way people got annoyed with her when she asked them to repeat themselves.

After she asked a couple of times, they would say 'Forget it.'

"It was really frustrating," she told us. "Even my little grandkids would say, 'Forget it, grandma,' and walk away.

"It made me get mad. I would say, 'It's not my fault, why are you mad at me?'"

Photo: Anne Fishbein

Finally Charlotte asked the supervisor at her community center in Monrovia for help, and that's how she found her way to LSH. Within two weeks, she had her hearing aids.

Her neighbors are probably relieved, since she no longer has to have the volume on her TV cranked all the way up.

And now she doesn't have to constantly ask people to repeat themselves. She's had her hearing aids for a couple of months now.

"I love them," she told us. "I worship them. And when I don't want to hear people, I pull them out," she says with a giggle.

"They're 100% wonderful."

Sincerely,

Randy Stein, CEO

# TALES FROM THE LIONS DEN

Dear Lion,

For most of his life, Jim Soderborg had no hearing at all in his left ear because he had scarring from mastoidectomy operations. Later on, the hearing in his right ear started to go. At the time he was living in the Bay Area, and he got a hearing aid with help from his local Lions Club.

Then he moved to Paradise. Yes, that Paradise -- the town that burned in 2018. While he was living there, he lost the hearing aid. And then he lost his home.

He moved in with a friend in Morro Bay, and he was without a hearing aid for about a year and a half. He couldn't afford to replace it.

"It was very hard," Jim told us. "I could function but it was very difficult. I had to read lips and have the person looking right at me."

Finally Jim went to the Morro Bay Lions Club for help, and they referred him to us.

We sent him to the Morro Bay Hearing Aid Center, and he walked in just hoping to get another device for his right ear. But audiologist Gretchen Daulman wasn't satisfied with that. She believed she could also help with his left ear.

"I was only applying for one ear," he told us. But he left with two hearing aids -- and now he could hear with an ear that had been totally deaf for most of his life..

"It's a miracle," Jim says. "Now I can hear better than everybody else."

Jim is hoping more people will become aware of the good LSH can do.

"Sometimes people just don't realize that there's hope," he told us. "I'm so grateful to you guys for changing my life."

Sincerely,

A handwritten signature in black ink, appearing to read "Randy Stein".

# TALES FROM THE LIONS DEN

Dear Lion,

I was struck by a news item I came across this week, and it reminded me that all of us are making little decisions every day about what we should and shouldn't do to keep ourselves healthy.

Is it OK to go to the grocery store? The park? The hair salon?

How about the doctor?

That's where this article comes in. It sounds a warning that many people are staying away from the doctor's office because of the Covid-19 pandemic, and missing out on needed treatments. Ophthalmologists in particular are worried that significant numbers of people are at risk of losing their vision due to missed treatments they need for serious eye conditions.

The article is from BBC News, so it's talking about the situation in the UK, but I can't help thinking that this is happening here in the USA as well.

Experts warn that a surge in the number of people with sight loss could become "another cost of the pandemic."

Doctors say the risk is highest for people with conditions like age-related macular degeneration (AMD), diabetic retinopathy and retinal detachment who need continued treatment to preserve their eyesight. You can read the article [here](#).

So while you're calculating the risk of everyday activities (which isn't easy at the moment), please don't neglect other aspects of your health.

Sincerely,

A handwritten signature in blue ink, appearing to be "Randy Stein".

Randy Stein, CEO
